A CATALOGUE OF BRITISH AND CONTINENTAL TABLE GLASSWARE

Q All goods illustrated in this catalogue are of superfine quality and finish, maintaining for us a reputation for excellence which has been built up during the last 70 years.

Q Prices throughout are RETAIL PRICES. For JACOBAN, JEWELRAY and HERCULEGE the printed Retail Prices are fixed, but clients are at liberty to vary the retail prices of the other miscellaneous lines if they wish. Trade Terms are printed overleaf.

Q Separate Retail Catalogues are published for distribution to the public for JACOBAN and JEWELRAY. Supplies are always sent with goods and further quantities may be had free on request.

Q All goods are PROPAK'T—the newest method of packing fragile goods which enables us to deliver all orders which reach a net trade value of £5, cases free and carriage paid—a very real boon to the purchaser.

Q Except where articles are marked BRITISH MADE, goods offered are of best Continental make.

CONCERNING COMPORTS

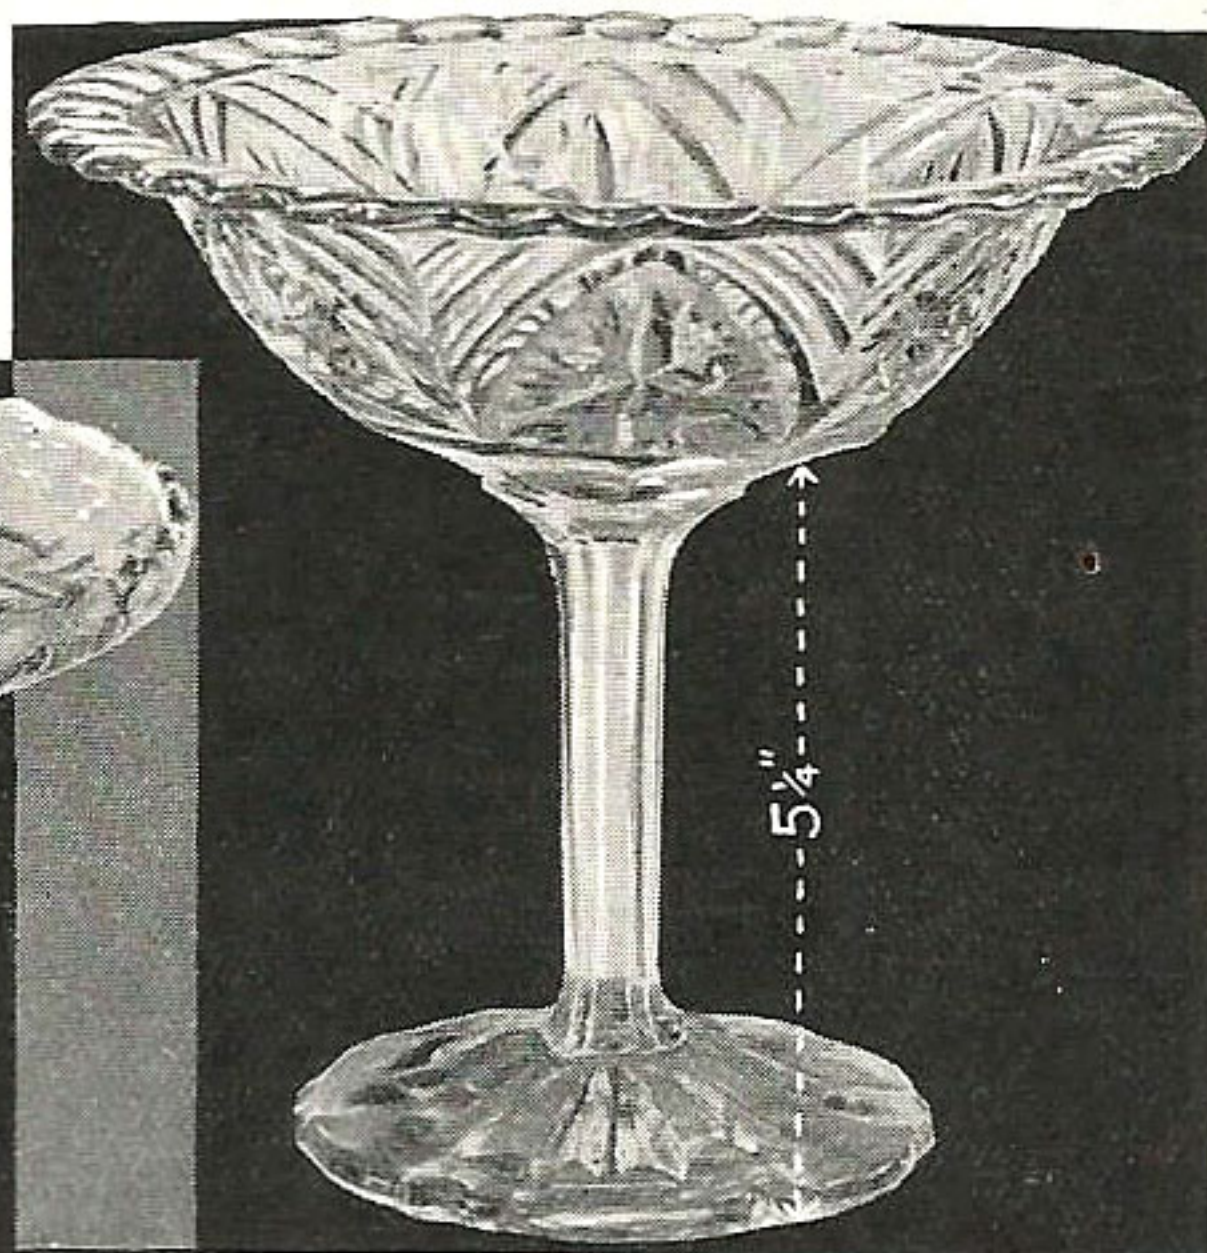

NO. 9580—11" FLAT SHAPE FOR LARGE CAKES

The essence of an efficient comport is that it economizes table space. Unless the flat part of it is high enough to permit of tea-table equipment being put underneath it you might just as well use an ordinary plate. Again, a perfectly flat surface is much preferable to one with a turned-up rim for cutting large cakes, for there is nothing to hinder the knife cutting right through to the bottom of the cake.
